

Affordable innovations for mobility

Karim Slaoui Fund

Intro

We thank you for your interest in the call 'Affordable innovations for mobility'.

We will invest in innovative purpose driven start-ups dedicated to developing affordable hardware solutions to improve the mobility and/or the quality of life for people with restricted mobility.

The selection will be carried out in two steps:

1. Preselection

Candidates submit a short video pitch, in English or in French, to describe their idea and/or show prototype and demonstrate the problem this will solve.

YOU ARE CURRENTLY APPLYING FOR THIS PRESELECTION.

Based on the selection criteria, the best projects, preselected by an independent committee, advance to the second stage.

2. Selection

Candidates submit a written application, in English or in French, and answer questions related to the

- Social impact (target group, price,...)
- Economic viability (business plan, financial plan,...)
- Capabilities, skills and track record of the team
- Technical outline of the production process

The financial support will be a loan at 0% interest rate, reimbursable after 3-4 years.

We ensure that all information will be treated with strict confidentiality. Every member of the management and selection committees will sign a Non-Disclosure Agreement (NDA).
